EUROCORR 2022 is organised by DECHEMA (Society for Chemical Engineering & Biotechnology) and GfKORR (Society for Corrosion Protection) in Berlin. Under the motto **“Corrosion in a changing world – Energy, Mobility, Digitalization”** the event will take place from **28 August to 1 September 2022**. The flagship event of the European Federation for Corrosion will take place in the heart of **Berlin** at the Berlin Central District Hotel (managed by Marriott).

Berlin is attractive.
Berlin is diverse.
Berlin sets trends.

Consequently, the German capital is one of the most visited cities in Europe. First-class museums, international trade fairs, zoological garden, art galleries and sights of all kinds attract visitors in droves. Whether at Potsdamer Platz, Alex, Kurfürstendamm or Prenzlauer Berg: the city has many facets and is full of surprises. Berlin stands for freedom, tolerance and the diversity of life style. Go on a journey through time and discover the scenes of world history and contemporary modern architecture in Berlin.

The EUROCORR attracts over one thousand corrosion experts from all over the world every year. The high level of scientific expertise of the participants has made EUROCORR as the global leading scientific conference on corrosion research and is a permanent item on the agenda of experts from universities and industry. For young colleagues the Young EFC provides a platform to exchange ideas with expert colleagues and to become part of a unique network.

You should therefore already note the date and plan a trip to Berlin in autumn 2022.

WHY BECOME AN EXHIBITOR OR SPONSOR?

Sponsoring & exhibition is an integral part of EUROCORR 2022 and offers a unique opportunity to promote your technologies, products and services. Enhance your visibility, introduce new products or services.

EUROCORR 2022 provides a various range of sponsorship and exhibition options that can be tailored to your requirements and to suit your budget.

Extensive pre-conference publicity will promote your organisation to the widest possible audience.

- » EUROCORR 2022 sets out to become once more the “place to be” where new developments regarding all facets of corrosion and corrosion protection will be jointly discussed for mutual benefit.
- » More than 1.200 international delegates from industry and academia are expected to attend the conference in August 2022. This delegate base offers you access to a truly international audience.
- » EUROCORR 2022 will be a unique networking opportunity with personal contact to leading scientists, representatives of research institutions, university and industry and graduate students.
- » Connect with the decision makers from research and industry in all fields of corrosion; strengthen your network as you build upon existing and generate new relationships.
- » Yet, as each of the involved disciplines has seen amazing progress, the mission of providing an effective platform for exchange is even more important.
- » Corrosion is a hot topic in different industries, expand your customer base e.g. in oil & gas, automotive, aerospace and all other areas.
- » Lot’s of time for exchange: All coffee and lunch breaks plus the welcome reception and the poster party will take place in the exhibition area.
