WELCOME

EUROCORR, the annual event of the European Federation of Corrosion, is the premier Corrosion Congress in Europe, attracting an ever increasing international audience.

In 2016, EUROCORR will take place in **Montpellier, France**, from **11 to 15 September, 2016**. Montpellier is a beautiful and charming Mediterranean city, offering a blend of history, culture and modernity. **Le Corum**, Montpellier Conference Centre, is ideally located in the heart of the city, with a large choice of hotels and restaurants within walking distance.

After the success of EUROCORR 2004 and 2009 in Nice, CEFACOR and the Fédération Française pour les sciences de la Chimie (FFC), member Societies of the EFC, in cooperation with Chimie ParisTech, have been designated by the EFC to co-organize this major event. EUROCORR 2016 will cover all aspects of corrosion science, technology, and engineering, with emphasis on a main theme:

Advances in linking science to engineering.

This will be achieved by bringing together corrosion experts from universities, research centers, and industries. EUROCORR 2016 will be a forum for presentation and discussion of advances in understanding corrosion phenomena and progress in corrosion prevention.

The program will include plenary lectures, keynote lectures, oral and poster presentations in all the areas covered by the EFC working parties, with additional topical workshops. A preview of the topics is given in this newsletter.

A large exhibition is planned, which will feature the latest developments in corrosion resistant materials, corrosion monitoring, coatings, inhibitors, cathodic protection.

Social events, including receptions and a conference dinner, will contribute to the warm and friendly atmosphere that you will find in Montpellier.

We are looking forward to welcoming you in Montpellier for EUROCORR 2016. Please save the date!

Prof. Philippe Marcus
Chairman of EUROCORR 2016

SPONSORSHIP PACKAGES

The following sponsorship packages represent an exceptional opportunity to communicate with participants during the conference. All sponsors will be acknowledged in the Final Programme.

Sponsors will be invited to custom design their sponsorship package from the wide range of opportunities that will be outlined in order to ensure the sponsorship package meets your specific marketing needs.

Further to this, any additional ideas that you may have to promote your products and services are very welcome for consideration by the Organising Committee. The EUROCORR 2016 Sponsorship Team would be delighted to meet with you at your earliest convenience to discuss options or to create a tailor made sponsorship package specific to your marketing requirements.

Sponsors will have the opportunity to select the package to receive acknowledgements, benefits and entitlements according to the level of sponsorship contribution. Sponsorship items will be allocated on a "first come, first served" basis.
